

Esteemed,

A few months ago we have already informed you that Slovenia is hosting the international project

"Competent To Do - The transfer of competences for tutors to achieve business (vocational) and social competences of female prisoners and ex-offenders",

with the participation of four countries which are, besides Slovenia and Croatia, also Lithuania and Germany.

There are six partners: CDI Univerzum, Zavod MiT, Center Spirala from Slovenia, Frauen Computer Zentrum Berlin (FCZB) from Germany, University College Nikola Subic Zrinski (UCEEM-NSZ) from Croatia and ZISPb from Lithuania. Also, three silent partners are involved in this project (ZPKZ IG and ZRSZZ from Slovenia, Panevežio suaugusiųjų mokykla from Lithuania).

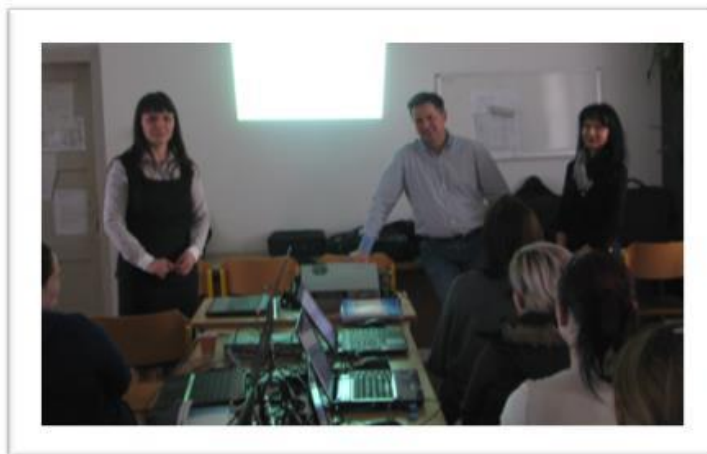

After three project meetings in [Ljubljana \(Slovenia\)](#), [Berlin \(Germany\)](#) and [Zagreb \(Croatia\)](#), project was continued with creation of an **Open Curriculum** from the project partner University College Nikola Subic Zrinski (UCEEM-NSZ) and the selection of women prisoners for the training - acquisition of business and social competences in the pilot implementation in Slovenia and Lithuania.

Open Curriculum consists of 2 Modules A and B - **Module A is related to General Entrepreneurial Competences** and **Module B is related to Social Competences** of target groups, but also beneficiaries in this project.

The training in Panevėžys Correction House in Lithuania has just started! There have been selected 9 women. The combination of social and business competences' training is applied. Trainers who have been trained in Berlin in April 2014 conduct the workshops. There were 4 trainers prepared for the pilot implementation: **Simona Preidytė, Vitalija Šližienė, Aurelija Jankienė** and **Asta Jaseliūnienė** and this is how the training looks like:

In Slovenia, in **prison in Ig**, near Ljubljana, training looked like this:

Dissemination activities within this project were very organized in Germany in the last months, so this project was presented in several events, such as:

- 15th October 2014 - [The FrauenComputerZentrumBerlin e.V. celebrated its 30th anniversary](#)

- 3rd and 4th November 2014 - [Conference "Learning Location: execution of juvenile court sentences - Destination: Labour Market"](#)
- 2nd December 2014 - [Final conference of the project "Transit"](#)

*On the 2nd of December the final event of the project **"Transit - Qualification, work and transition management in the prison system"** took place in the plenary hall of the chamber court of Berlin. Work of all project Partner was presented. At the same time, the project results were handed over to the representatives attending the Senate Department for Justice and Consumer Protection.*

*Finally, a view was given to new FCZB projects such as **"Competent To Do - The transfer of competences for tutors to achieve business (vocational) and social competences of female prisoners and ex-offenders"**.*

More information about this project can be found through the official web-site of the project:
<http://www.competenttodo.com/>.

More information about the upcoming project activities will be described in next newsletter.
